Candleberry candles have been featured in Wine & Spirits Magazine.

Cranberry Crumb Cake

Loaded with the uplifting scent of cranberries and has an added touch of sweetness that you might find in your own hand-tossed cake crumbs.

03

Vanilla Crumb Cake

Layered with vanilla cake, butterscotch pudding and drizzled with caramel — a treat for the senses and possibly the best vanilla available in a jar candle.

04

Orange Vanilla Cream Muffins

This Candleberry favorite will take you back to when you were a kid chasing down the ice-cream truck for a Dreamsicle.

05

Clementine Tea

A lush, lightly floral and fruity, uplifting fragrance. This is the most relaxing spot of tea you'll have all day.

06

Strawberries & Cream

Growing up, one of our favorite treats was strawberries rolled in colored sugar. Like strawberries rolled in sugar, this candle is strong. If you are a strawberry lover, you have found your perfect match.

07

Lime & Coconut

We used a touch of the tropics in this blend of cool lime and rich coconut to make the perfect springtime candle. This scent will take you to the tropics.

08

Creme Brulee

With a delightful blend of vanilla, caramel and fresh whipped cream, this candle has quickly become a best seller.

09

Wild Blackberries

Is that a blackberry cobbler in the oven or did somebody light Kentucky's favorite fruit filled candle? We bet you can't tell the difference.

00

Clean burning, long burning, heavily scented, smoke free — one of the finest candles on the market.

"I found these candles 10 years ago and never have found anything in comparison to them."
